MEET DOGELANA

THE FASTEST DOGE IN THE WORLD

Dogelana is more than just a cool cryptocurrency.

Dogelana is a movement that brings together meme culture, animal wellbeing, technology, art, games, a loving community of enthusiasts, and quite a lot of other great things.

The mascot of Dogelana is none other than the beloved Shiba Inu doge, known for its loyalty, cuteness, and intelligence. The Shiba Inu has become an icon in the world of cryptocurrency and has captured the hearts of millions of people around the world.

The Dogelana team recognized the importance of this furry friend and chose it as the inspiration for our token and brand.

The Shiba Inu is known for its independent and confident nature, yet also for its loving and affectionate demeanor.

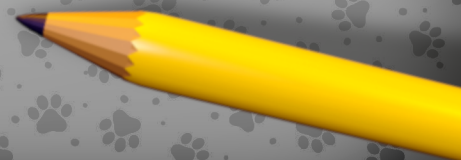

Similarly, the Dogelana team is focused on building a strong and independent community while also fostering a culture of love and support. We believe that by coming together and supporting one another, we can achieve great things in the world of cryptocurrency.

Our mascot represents not just a cute dog, but a symbol of hope, love, and community. As we continue to grow and expand, we remain committed to embodying these values in everything we do. From our charitable efforts towards animal welfare, to our play-to-earn games, we are dedicated to making a positive impact in the world around us.

Join us in our mission to unleash the power of Dogelana and experience the future of technology, art, and community!

FAST FACTS

The Dogelana token was launched in December 2021 with a maximum supply of 13.5 billion tokens and is the fastest doge-inspired cryptocurrency token in the world, thanks to Solana's incredible speed.

In January 2021, just shortly after launching, the Dogelana token reached a market capitalization value of \$4 million, representing an impressive 150 times growth in only 30 days.

The Dogelana token has already been listed on the centralized exchange **P2PB2B** and cryptocurrency explorers such as **CoinMarketCap** and **CoinGecko**.

The Dogelana token is one of the most held tokens on the Solana blockchain.

A chunk of the total supply of Dogelana tokens has been dedicated to ongoing animal-related charitable giving and welfare efforts.

Dogelana NFTs were launched in January 2023, with a maximum supply of 5,777 unique NFTs, each a mix of over 250 unique traits across categories such as animals, sports, music, gaming, tech, careers, pop culture, and more.

The Dogelana ecosystem includes custom and fun play-to-earn games and multiple rewarding staking options for our unique NFT collections.

The Dogelana community consists of like-minded individuals who are passionate about animals, technology, art, gaming, and more.

TOKEN

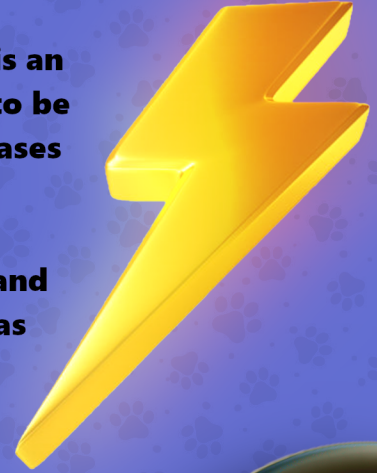

Dogelana (DGLN) is our native token built on the Solana blockchain. Launched in 2021, it boasts a limited circulating supply of 13.5 billion DGLN tokens. The token has gained considerable traction since its release and has amassed over 50,000 holders on Solana, making it one of the top held tokens on the network.

Built on Solana's fast and efficient blockchain technology, DGLN is an affordable and easy-to-transact cryptocurrency. It was designed to be highly functional and versatile, with a variety of developing use cases that can increase its usefulness, visibility, and collectability.

DGLN is traded on both decentralized and centralized exchanges and has been listed on popular cryptocurrency explorers as well such as CoinMarketCap and CoinGecko. As a result, DGLN has become a recognizable and discoverable token in the space.

With its impressive user base and powerful Solana infrastructure, DGLN stands out as a faster and more efficient alternative to other tokens on older blockchain infrastructures.

NFTs, or non-fungible tokens, represent digital certificates of authenticity integrated into the digital asset from the start. This certification proves ownership in real-time, allowing for gated experiences and special perks to holders.

Dogelana NFTs are a source of pride, highlighting our commitment to utilizing cutting-edge technology to create something unique, beautiful, and functional. Featuring 5,777 unique Dogelana personalities and over 250+ unique traits, the collection spans categories like animals, sports, music, gaming, tech, careers, pop culture, and more, catering to diverse tastes. Stunning 3D-rendered, high-quality 2K resolution further elevates each NFT into a work of art.

Dogelana NFTs are not only stunning digital assets but also a window into a new era of NFTs that are both functional and beautiful. We are developing a next-generation ecosystem around them, demonstrating the power of the Solana blockchain and the Dogelana vision.

Boosting entertainment and usefulness through asset ownership is at the heart of the Dogelana ethos. Our NFTs are an ideal example of this belief, offering unique and valuable digital assets, and providing thrilling and engaging experiences that transcend typical NFT usage.

In addition to the Dogelana NFTs, we offer OLAF 3D and GhostKids 3D, approved derivatives that reimagine the collections with innovative digital art techniques while sharing royalties with the original project teams. These two partnerships were incredibly exciting to land, because it marks a moment in NFT history where project collaborations were normalized.

Currently, holders can stake Dogelana, OLAF 3D, and GhostKids 3D NFTs to earn Dogelana (DGLN) daily. Dogelana is building a brighter future for NFTs and cryptocurrency alike by prioritizing innovation, art, and technology.
